

## Declaration of Emergency June 3, 2026

The City of Oakridge has a Sanitary Sewer Overflow, the break has not been located. The break is allowing untreated sewage to enter the city storm water. The affected area is the outfall at Oakridge Sand and Gravel that enters the Willamette River near the end of Fairy Glen. Please stay away from that area, signs will be posted, DEQ has been notified.

This is **NOT** affecting the drinking water!
