To the Oakridge Community

As we all take measures to prevent the spread of the Covid-19 I want to share a brief summary of Oakridge operations. I also want to assure you that your City is participating in all County and State meetings to stay abreast of the situation and provide our community with information and services in this critical time. I urge each of you to sensibly and calmly take precautions and be alert for neighbors who may need assistance.

This information will be posted on the city website. As the situation changes we will update the information on the website.

CITY HALL: Currently City Hall will remain open for essential services only with normal operating hours. If your visit isn't essential, please consider postponing until a future time.

POLICE: Our police Dept is operating as usual and are taking the necessary precautions to prevent exposure from others, as well as to sanitize and prevent exposure to others.

FIRE and SAFETY: The fire Dept **BUILDING** is now closed to the public to prevent unintended contamination by walk-in customers. Walk-in's at the Fire Dept. will be assessed outside the building before admittance. All operations are running as normal with the exception of drills for volunteers which are being cancelled for the time being.

LIBRARY: The Oakridge Library is closing to the public.

MEETINGS: For the next week March 15th to 21st, all City Meetings are cancelled. The OEDAC meeting on Monday March 16 will occur and is being used to test drive the GO TO MEETING function that we are setting up for use by committees and Council after the 21st. We will reassess this on Friday.

PARKS: All City Parks will remain open at this time.

Please follow the guidelines set out for keeping each other healthy. If you have concerns or suggestions about city operations please email me at mayor@ci.oakridge.or.us or Bryan Cutchen at cityadministrator@ci.oakridge.or.us or call City Hall. As always Council, Mayor and city administration welcome your input and are here to serve the community.

For information regarding schools and medical facilities please contact the Oakridge School district and individual clinics directly.
