ISSUE: City fees should be regularly reviewed for consistency with similar cities and for cost effectiveness. After receiving input and recommendations from Rick Zylstra (Public Works), Chief Scott Hollett (Fire Department), Chief Kevin Martin (Police Department), and the Administration Committee, the City has drafted a Resolution (#14-2023) which would establish a new Fee Schedule, effective July 1, 2023 (the start of FY 23-24). The similar cities we considered and compared our fees with include Veneta, Creswell, Florence, and Eugene. For more background info, see the attached data charts and the old/current Fee Schedule from 2021. This is a 1st Reading of the proposed resolution.

FISCAL IMPACT: TBD

OPTIONS: 1) Adopt the proposed new Fee Schedule by adopting Resolution 14-2023 (with or without certain modifications).

SUBJECT: Budget Message for Fiscal Year 2023-2024

The past few years have been hard on our community. From the 2019 "Snowmagedon" storm, to COVID, to last summer's Cedar Creek Fire, our community has been hard-hit with natural disasters that decimated our economy. Thankfully, we are a resilient community and we have always found a way to come together and survive. God & Mother Nature willing, there is now light at the end of the tunnel, as this summer's calendar of events features several large events such as the Bus Fair, Gravel Grinder, Mountain Bike Oregon, and several other races & events which promise to bring tourism dollars back to our beautiful mountain town and stimulate our economy.

We are also back on the right path in many other aspects of our economy. Over the past few years, we have launched a series of initiatives aimed at improving and revitalizing our community. These initiatives were adopted after holding many public hearings to gather citizen input, resulting in well-designed plans to spur private-sector investment in the Oakridge Industrial Park, to revitalize our Uptown, and improve & strengthen our infrastructure, including our most recent initiative to remodel the Willamette Activities Center, wherein we have already received over \$1.5 million in funding, with multiple additional grants and funding requests already in the works.

As a brand new City Administrator with less than a year of experience, I cannot take credit for most of the hard work which has gotten us where we are today. Those kudos should be reserved for our City Council and Mayor, all of whom have worked tirelessly to continue to strengthen and diversify our economy. We are poised for growth and the city Council's desire to revitalize our economy is finally starting to come to fruition as a result of a lot of hard work and dedication by the Council, Mayor, city staff, and community members like you who have volunteered your time to help us make prudent and sometimes hard financial decisions.

In my opinion, Oakridge is very much "on the rise." Signs of success can be seen all over town, from the foundation of our vibrant arts scene and influx of new residents, to capital improvement projects such as the long overdue repairs to Garden, Berry, Riverview, and soon Cherry Street, to the refurbishment of our wells.

This year's budget looks quite similar to last year's (minus the formatting mistakes which we are already aware of and are being addressed). But there are some differences, such as our estimated beginning fund balances, which are more robust than they have been in at least a decade. That increase in financial strength is the result of frugal spending and shifting our investment strategy by prioritizing capital investments

But there is still a *lot* of work to be done. My staff and I have been working tirelessly to chase grants, increase & broaden potential revenue sources, and foster partnerships with other communities and organizations, all in an effort to find and capitalize on any and all opportunities to make Oakridge a better place to live and work. Like most of our citizens, I am fully committed to the *long-term* success of our city because I realize how lucky we are to live and work in such a beautiful community, which is why I will continue to do everything I can to earn and keep your trust.

The Budget Process:

Oregon Local Budget Law (found in Oregon Revised Statutes Chapter 294) requires each local governmental unit to prepare and adopt an annual budget. A budget is a financial plan containing estimates of revenues and expenditures by fund for a single fiscal year. The proposed budget is for the fiscal year beginning July 1, 2023 and ending June 30, 2024. It is just a "draft" and changes can and should be made.

The proposed budget document consists of a list of resources and expenditures for each fund within the City. The first two columns contain actual audited data for FY21 and FY22. The third column reflects the adopted budget figures for FY22-23. The last two columns pertain to the upcoming FY23-24 budget. The column titled "proposed" contains the proposed (draft) budget I am submitting to the Budget Committee for review. This data is based in part on our prior budgets and in part on the City's investment strategy for the future.

Each January, our staff begins the process of projecting revenues for the coming year and balancing those projections with anticipated department expenditures, taking into account factors such as historic trends; current economic indicators; demands for service; impacts of decisions made at the regional, state and federal levels; staffing needs; contractual obligations and increased cost of materials and supplies. We also take into consideration comments received from the city's auditors, such as consolidating many of our budget line items this year.

The "Approved by Budget Committee" column will be added and filled in following the approval of the proposed budget by the Budget Committee, including any changes the committee wants to make. The final column will be added and filled in upon approval by our City Council. The final budget data is then reported to the Lane County Assessor's Office.

The role of the Budget Committee, which is comprised of all the city council members and a like number of citizens of the city, is to review and approve the proposed budget, as well as the tax rate or levy. The city council may make certain adjustments to the approved budget before adoption in June, but great weight and deference is usually shown to the work the Budget Committee does, which is why it is so important.

I want to thank everyone on the Budget Committee for contributing your time and effort to the budget process. Since a lot of city staff are new like me, we definitely need your help and expertise. The work we will be doing together over the next couple of months is vital to our community's success. Our City is stronger when we all work together, and I am honored and excited to see what we can accomplish. Now let's get to work on this year's budget!

Sincerely,

James Cleavenger, JD, LLM

Colleen,

The columns to the right on the budget detail forms (LB-30, 31, 11, etc.) are not all mandatory. The three columns to the right (proposed, approved, adopted) are on those forms to help the user of the forms track the changes to the budget as it moves through the process. The statutory requirement is that the detail forms show, at minimum, the current version of the budget estimates as it moves through the budget process. For example, if the budget committee approves the budget, but the budget has not been adopted, the budget details to the right could reflect the approved budget numbers only.

- 294,358 Expenditure and resource estimate sheets; made part of budget document, (1) The sheet or sheets containing the estimate of expenditures shall also show in parallel columns the actual expenditures for the two fiscal years next preceding the current year or the actual expenditures for the two budget periods preceding the current budget period, the estimated expenditures for the current year or current budget period and the estimated expenditures for the ensuing year or ensuing budget period.
- (2) The sheet or sheets containing the estimate of budget resources shall also show in parallel columns the actual budget resources of the two fiscal years next preceding the current year or the actual budget resources for the two budget periods preceding the current budget period, the estimated budget resources for the current year or current budget period and the estimated budget resources for the ensuing year or ensuing budget period.
 - (3) The estimate sheets shall be made a part of the budget document.

The budget hearing should be on the budget as it was approved by the budget committee. That is the only version of the budget that should be discussed during the hearing. The governing body may discuss changes to the approved budget after the hearing, and they may also make changes to the budget before it is adopted. However, if the changes exceed 10% of the estimated expenditures in a fund, then they would be required to hold an additional hearing before adopting the budget. See 294.456 for these requirements.

- 294.453 Hearing by governing body on budget document as approved by budget committee; alternative procedure in certain cases. (1) Except as provided in subsections (2) and (3) of this section, the governing body of a municipal corporation shall meet at the time and place designated in the notice of meeting required under ORS 294.438 for the purpose of holding a public hearing on the budget document as approved by the budget committee. At the meeting any person may appear for or against any item in the approved budget document.
- (2) A municipal corporation having a population exceeding 200,000 and located in a county having a tax supervising and conservation commission shall submit its budget document to the tax supervising and conservation commission of the county under ORS 294.431 (2). The governing body of the municipal corporation or its representatives shall meet with the taxpayers of the municipal corporation at a public hearing to be called and conducted by the tax supervising and conservation commission.
- (3) A municipal corporation that has a population not exceeding 200,000 and is located in a county having a tax supervising and conservation commission may submit its approved budget document to the tax supervising and conservation commission of the county under ORS 294.431 (1) for a public hearing. STATEMENT OF CHANGES IN ACTIVITIES and SOURCES OF FINANCING

For 2023-24, the City's programs, activities, and budgeting are not substantially changing. However, some budget line items have been combined from previous years (as noted in the budget), and the city received \$1,500,000 from the state legislature in 2022 for the purpose of funding the Willamette Activities Center remodel project. Only \$5,283.00 was used in FY23 so the remaining \$1,494,718 will roll over to fiscal year 23-24.

ISSUE: City Council is required to adopt a balanced budget annually, as well as approve making appropriations and imposing & categorizing taxes, after hearing Public Comment at a noticed City Council Budget Hearing, which was held last week on June 7, 2023. During the meeting, Council decided to postpone voting on the Resolution (#11-2023) due to the numbers in the *Proposed* budget column of the FY 23-24 *Approved* Budget not reflecting the numbers provided in the initial *Proposed* Budget, which was drafted and released by the Budget Officer (CA James Cleavenger) during the 1st Budget Committee meeting on April 17, 2023. Instead, the *Approved* Budget numbers were listed in both columns. At the direction of Council, the *Proposed* Budget numbers in the "Proposed Budget" column of the Approved Budget have been edited to reflect the correct *proposed* budget figures. No changes were made to the Approved Budget figures.

The original *Proposed* Budget has been (and still is) available for Council and public review at City Hall, on 3 pages on the City of Oakridge website, and in the 6/7/23 Council Packet for the Budget Hearing. On 6/6/23, Finance Director Colleen Shirley received an email from the Oregon Department of Revenue (see attached), providing further guidance on state budget requirements. The email stated that while having numbers in the "Proposed Budget" column is not "required" under state law, having those numbers "help the user of the forms track the changes to the budget as it moves through the process." It has also been the past practice of Council to include these numbers in the final budget.

The budget provides us with a basis for evaluating the City's financial position in the new fiscal year and must be "Adopted" by City Council on or before June 30th. The "Approved Budget" was approved by the Budget Committee on 5/30/23. On 5/24/23, the Budget Committee also passed a motion to recommend that City Council keep the property tax levy at the rate of \$7.1996 per \$1,000.00 of assessed value. See the attached FY 23-24 *Approved* Budget, FY 23-24 *Proposed* Budget, LB-1 Form (Budget Summary and Notice), 6/6/23 email from the Oregon Department of Revenue, the list of Motions and Recommendations passed by the Budget Committee, the FY 23-24 Budget Message, and Resolution 11-2023 for more details. The 1st Reading of the resolution was approved by Council on 6/15/23. The 2nd Reading is on 6/29/23.

ORDINANCE NO. 940

AN ORDINANCE AMENDING CITY OF OAKRIDGE CODE CHAPTER 130 TO ADOPT A FIREWORKS BAN AND OTHER RESTRICTIONS DURING DECLARED FIRE SEASON, EXTREME FIRE DANGER CONDITIONS

- WHEREAS, pursuant to Article IX, Section 2 of the Oregon Constitution and the Oakridge Charter, the City of Oakridge is a home rule municipality with all the powers that the constitutions, statutes, and common law of the United States and the State of Oregon expressly or impliedly grant or allow the City; and
- **WHEREAS**, the City Council finds that summertime weather conditions can create conditions that create an extreme risk of wildfires; and,
- **WHEREAS**, the City Council finds there are many things that could be the source of ignition for a wildfire, including but not limited to fireworks; and,
- **WHEREAS**, the City Council finds that wildfires endanger the health and safety of the city's population, jeopardize economic vitality within the city, and imperil the quality of the environment; and,
- **WHEREAS**, the City Council finds that Oregon Revised Statute 480.160 authorizes a municipality to prohibit the manufacture, sale or discharge of fireworks; and,
- WHEREAS, the City Council finds that Oregon Revised Statutes 477.505 through 477.512 provides that when conditions that create a fire hazard to exist in any forest protection district or portion thereof, the Oregon State Forester has the authority to declare the beginning of fire season; and,
- **WHEREAS**, the City of Oakridge finds the restrictions that are imposed by the declaration of the beginning of fire season found at Oregon Revised Statutes 477.510 and 477.512 would be appropriate for all areas within the City of Oakridge; and,
- WHEREAS, the City Council finds the same conditions that trigger the declaration of a fire season and imposition of the accompanying restrictions are the same conditions that make it appropriate to prohibit the discharge of fireworks during declared extreme fire danger conditions for the South Cascade District.
- WHEREAS, considering all of the above, the Oakridge City Council finds that prohibiting the use of fireworks during extreme fire conditions has benefits to the community through less risk of fire in an increasingly dry environment.

NOW, THEREFORE, the City of Oakridge ordains as follows:

Section I. Section 130.02(C), Fireworks Ban and Other Restrictions During a Declared Fire Season, Extreme Fire Danger Condition is attached as Exhibit A and incorporated by this reference is hereby added to the City of Oakridge Code Chapter 130.

Section II. Professional fireworks displays or shows that have been issued a General Fireworks Display Permit by the Oregon State Fire Marshal and which have been approved by the Oakridge City Council, are exempt from prohibition.

Section III. If any section, subsection, sentence, clause phrase or portion of this Ordinance is for any reason held invalid or unconstitutional by any court of competent jurisdiction, such portion constitutes a separate, distinct and independent provision, and such holding does not affect the validity of the remaining portions hereof.

Section IV. Nothing herein is intended to, nor acts herein to amend, replace, or otherwise conflict with any other ordinances of Lane County or any other Code or statutory provisions unless expressly so stated.

Section V. This Ordinance is necessary for the protection of public health, public safety, and public property and is effective immediately upon adoption.
