## CITY OF OAKRIDGE HOME WOOD HEATING CURTAILMENT PROGRAM

## **Fiscal Year 2020/2021**

The City of Oakridge ordinance allows for up to 20% opacity, meaning it should be fairly easy to see through the smoke plume. 100% opacity means the smoke plume is a solid color and one is unable to see through the plume. At 10% opacity, one is able to barely detect smoke emissions. At 20% opacity, a faint smoke plume would be identifiable. At 40% opacity, a smoke plume is easily identifiable, but still transparent enough to see through the plume on a contrasting background. This opacity level is in violation of Ordinance 920.

Even with an exemption, smoke levels are *always* limited to the city's *opacity limits*. Please make sure that the opacity levels of the smoke from your chimney or stack remains transparent and easy to see through. The smoke should be barely visible at the outlet of your chimney or stack when you are using dry wood and burning hot and clean.

Even when burning on a red day with an exemption, you are expected to burn clean and not exceed the 20% limit.

## **EXEMPTION APPLICATION**

Page 1 of 2

This application is for an exemption from the prohibitions contained in the Lane Regional Air Protection Agency's Home Wood Heating Curtailment Program and ordinances for the City of Oakridge. This exemption is available only to city residents and is provided either for economic needs or sole source of heat. Applications with missing contact information will not be accepted.
