HOW LONG HAVE YOU LIVED IN OAKRDIGE?

27 years.

WHY DID YOU DECIDE TO MOVE TO OAKRIDGE?

We moved here from Los Angeles for a better, safer place to live to raise my daughter. Oakridge also offered better, less crowded schools.

WHAT DO YOU SEE FOR THE FUTURE OF OAKRIDGE?

One hundred new jobs would make a huge difference in the whole community, especially the schools. We need to be able to entice small business to move into the Oakridge Industrial Park, where we have some of the best land values available. Be able to create enough jobs but not from a single employer to be able to sustain Oakridge not just for today but into the future.
